Date
17-01-2008

Dear Sir/ Madam,

This is to inform that

Stirling Cryogenics & Refrigeration BV, having factories at Science Park Eindhoven 5003, 5692 EB Son, the Netherlands

who are established and reputable manufacturers of Liquid Nitrogen Plants and other cryogenic equipment

do hereby authorize

Luncescu Engineering & Consulting
Kölner Street 9
Düsseldorf, Germany

to submit quotations to potential customers in Romania for the goods manufactured by Stirling, and successively discuss the respective terms and conditions for delivery of the same, it being understood however that any binding commitments may only be entered into by ourselves or with our approval in writing.

The above authorisation has a validity of one year as from above date and is thereafter subject to a written extension.
